As a result of his acting as protector of a strikebreaker at a brewery in Virginia, Frank Gray, a watchman at the Aqueduct bridge on a charge of carrying a concealed weapon. Gray was adjudged technically guilty in the Police Court and released on his personal bonds by Judge Pugh.

Gray was arrested on the night of April 3 by Policeman Steinbraker of the seventh precinct after he had escorted a strikebreaker across the bridge into Georgetown. Judge Pugh was told that the strikebreaker had been threatened by strikers and that Gray went with the strikebreaker as a protector. As they

left the brewery, it was testified, Gray was given a revolver, which he carried in his hand until he reached the Aqueduct bridge. There he placed it in his pocket. Two strikers are said to have informed the policeman that Gray had the revolver and the arrest followed.

## RUMANIA IS READY TO ENTER THE WAR

Intervention Seems Imminent. Army Prepared for Instant Action.

ROME, April 15.—A dispatch to the Tribune from Saloniki says the intervention of Rumania in the war seems imminent. The army, splendidly equipped, is ready for instant action. An immense crowd, composed both of those favorable to a continuance of the nation's neutrality and those who seek Italian intervention in the war, attended the funeral today of the Milan workman who died from wounds he received Sunday when the police dispersed a war mass meeting which he was attending.

## Crowds Are Charged.

The entire garrison of Milan was posted at strategic points to prevent disorders, and mounted carabinieri several times charged the crowd after excitement had been caused by inflammatory speeches delivered by radicals while the funeral services were in progress. Socialist deputies and members of all the workingmen's organizations of Milan took part in the procession.

CAPE GIRARD, Mo., April 15.—Seven men were indicted in connection with the recent activities of night riders in Missouri by the federal grand jury which adjourned here yesterday. Judge D. P. Dyer announced that heavy sentences would be imposed on all men convicted of participation in the night riders' work.

## LOSES \$8,500 AT CARDS.

Louis Holtzturner Prefers Swindling Charge Against Henry Lewis.

NEW YORK, April 15.—A man who described himself as Henry Lewis, a broker of Peoria, Ill., has been held in \$7,500 bail for examination Tuesday on a charge of grand larceny made by Louis Holtzturner of Milwaukee, who alleges that Lewis swindled him out of \$8,500 in a game of cards called "stock exchange." This Lewis denied.

According to Holtzturner, Lewis took him to a gambling house, where Holtzturner won \$38,000. Because Holtzturner had given his check instead of cash in buying his chips, his winnings were withheld. He returned to Milwaukee, he said, obtained a check for \$10,000 and cashed it when he came back to New York. With the cash he and Lewis went again to the gambling house, where he lost \$8,500.

## WAR OFFICIALLY REPORTED AUSTRIAN STATEMENT.

VIENNA, April 15.—In general the situation is unchanged. On the Carpathian front, in a majority of the sectors, there were artillery engagements. Northwest of Lemberg the entire position occupied by the Russians was attacked and conquered by the 19th and 26th Hungarian infantry regiments. In southeastern Galicia and in Bukovina all is quiet.

## RUSSIAN STATEMENT.

PETROGRAD, via London, April 15.—Fighting continues in the region of the L'vov pass. During the night of April 13 our troops made slight progress and repulsed with success repeated counter attacks of the enemy on the heights south of the line of Volosater-Dukowec. We captured about 1,000 prisoners and two machine guns.

Attempts of the enemy to assume the offensive on the heights south of the L'vov pass and in Bukovina, on the right bank of the River Pruth, in the region of Chernowitz, failed. Complete calm reigns on the other sectors along our front. Everywhere the spring thaw is making the roads very bad.

## GERMAN STATEMENT.

BERLIN, April 15, by wireless to Sayville, N. Y.

Between the Meuse and the Moselle there was yesterday nothing more than isolated engagements. French attacks near Marcheville, in and around the forest of Le Pretre, northeast of Manonville and south of Hartmannes-Weilerkopf resulted in a French victory.

On the eastern front the situation remains unchanged.

## FRENCH STATEMENT.

PARIS, April 15, by wireless to London, 2:27 p.m.

Near La Bouselle our heavy artillery completely wrecked German shelters and trenches. In the Argonne, near Fontaine-aux-Charles, a local engagement took place, in which we gained the advantage. Our ascendancy over the Germans at this point is becoming more and more pronounced.

April 14, the day following the repulse by our artillery of the counter attack at Les Eparges made by the enemy debouching from Combray, the Germans bombarded our positions, but did not attack.

The extension of our front at the Alluy wood, already reported, was maintained against a counter attack. Our progress rendered us masters of a portion of the principal German trench, and to the north of this trench a section for us a section of ground 400 yards long and 100 yards deep. The new trench gained by us near the Essey-Pirrey high road remains in our possession.

Near Fey-en-Haye a bombardment was carried on, but not followed up by an infantry attack.

In the forest of Le Pretre, after having won, in the course of the 13th, part of the German lines, we maintained our gains yesterday and stopped a counter attack by machine guns.

In Alsace, to the north of La Leuch, we made progress amounting to 1,500 yards in the direction of Schneppen-Rietkopf.

## FILIPINOS IN TRIBAL FIGHT.

Starts at Dance and Winds Up in Police Court.

A Filipino tribal fight which started at a dance at 1314 L street southeast several nights ago terminated in the Police Court today, when Isaac Mantes Kapayas was convicted of assaulting Anastasio Floras.

The testimony given to Judge Pugh was that a number of Filipinos gave a dance at the L street house and that Kapayas, who is a member of the Becol tribe, was not invited. He appeared at the place during the progress of the festivities and was met at the door by Floras, who is a member of the Ilcos tribe. It was charged that the latter shut the door in Kapayas' face. Later the defendant was admitted. Following the dance the two members of the opposing tribes met on the street and it was testified Kapayas cut Floras with a knife.

A number of witnesses, members of the tribes named and other tribes, testified. Judge Pugh imposed a fine of \$50.

## OPPOSITION TO FEDERAL RESERVE SYSTEM FADES

A. C. Miller, Member of Board, Gratified at Expressions of Western Bankers.

Adolph C. Miller of the federal reserve board has returned to Washington from a trip to Chicago and San Francisco with a glowing account of the two coast excursions, and an even more satisfying observation of the high esteem in which bankers hold the federal reserve system.

All opposition to the federal reserve system appears to have vanished, Mr. Miller said. In his talks with bankers in Chicago and elsewhere, he found the financial world had learned to repose great confidence in the membership of the federal reserve board and to entertain great expectation of its important place in national economics. He was especially gratified with the high opinion held in financial circles of the personnel of the board. The impression was conveyed to him that the course of the board had shown it to be careful and safe, and aiming at the wisest procedure in all its activities. That this opinion should prevail was the source of much gratification to him. Mr. Miller is chairman of the federal board in charge of the government's exhibit at the Panama-Pacific exposition. He was in San Francisco largely on business connected with the board. At the same time he observed the operation of the federal reserve bank at San Francisco and talked with bankers in coast communities.

## MANY HURT IN L TRAIN PANIC

Three Seriously Injured When Fire Follows Deraiment at New York.

NEW YORK, April 15.—Two women and a man were seriously injured and about thirty persons hurt in a panic of passengers aboard a 3d avenue elevated railroad train at Chatham Square today. The panic resulted from the deraiment of one car of a seven-car train, which failed to take a switch. A short circuit caused a small fire which added to the fears of the passengers.

Men and women, wedged tight in the cars, fought to reach the elevated structure, where they walked along the ties to the station, turned into a temporary hospital to care for the injured.

With the exception of the three taken to the hospital, none was seriously hurt. Traffic was tied up on both the 2d and 3d avenue lines, which join at Chatham Square.

## PLANS MORE MAIL COLLECT.

Postmaster General May Allow Fourth Class That Privilege.

The Post Office Department is contemplating a plan to accept ordinary fourth-class matter without requiring prepayment of postage, the charges for postage and fee for this additional service to be collected from the addressees on delivery.

The authority of the Postmaster General to do this is doubted by the controller of the Treasury, George E. Downey. However, if the Postmaster General, in administering the law, decides he has such authority, Controller Downey rules that the postmasters at the offices of address would be entitled to commissions on the amount of postage and fees collected.

The act of August 24, 1912, known as the parcel post law, provides that postage on fourth-class matter is "in all cases to be prepaid." If the administration of the Post Office Department should decide, with the consent of the interstate commerce commission, that there is sufficient authority to allow acceptance of fourth-class mail matter without prepayment of postage to insure the receipt of revenue from such service adequate to pay the cost thereof, Controller Downey comments, the proposition may be accomplished.

## \$7,000,000 GOLD IMPORT.

Large Amount Engaged in Ottawa to Go to New York.

NEW YORK, April 15.—Lazard Freres, bankers with prominent French financial connection, announced the engagement of \$7,000,000 gold in Ottawa for importation to this city. This is the largest single import of gold made since the return flow of the metal early in the year. The \$7,000,000 will be shipped here in three installments, the first consignment arriving today. The bankers say that the transaction has no special significance, being based entirely on existing rates of exchange between this country and London.
